

## WILSON TO GREET ROCK ISLANDERS TOMORROW NOON

Jersey Governor to Hold Informal Reception at the New Harper at Mid-day.

### IN LIEU OF A SPEECH

Half Hour to Be Given to Receiving Those Desirous of Meeting the Presidential Candidate.

Governor Woodrow Wilson of New Jersey, candidate for the democratic presidential nomination, will be in Rock Island for 30 minutes tomorrow at mid-day. He will arrive over the Burlington at 12:10, be hurried by a committee to the New Harper, in the lobby of which he will hold an informal reception lasting until 12:40, the time for the train to depart for Sterling.

It was the purpose for Governor Wilson to make a short talk from the rear platform of his train, but owing to the prevailing regulations in Rock Island growing out of the disturbance of last week, all political speeches of whatsoever kind have been tabooed.

#### TO HOLD RECEPTION.

In order to be consistent, no exception will be made in the case of Governor Wilson, who instead will hold an informal reception in the lobby of the New Harper where all are invited to call and meet him. The governor has a charming personality and is a man whom it is a delight to know.

He is one of the foremost men of the nation today and regardless of the presidential preferences of members of his own party or the convictions of those of opposite political faith, he should have, as he is indeed sure to have, a cordial reception.

#### TALK CHANGE IN PLANS.

A dispatch came to Mayor H. M. Schriver this afternoon stating that owing to reports in morning papers plans had been changed by the Wilson managers to cut Rock Island out and make a stop at Elgin instead, expressing regret at missing Rock Island, and extending thanks to the mayor for his courtesies.

The matter was at once taken up with the Wilson headquarters in Chicago in the hope of having the original arrangement carried out, which would insure the governor's visit to-morrow.

Late advices from Chicago were that Governor Wilson would come to Rock Island as planned.

## ASK CONGRESS TO BUILD OWN SHIPS

A considerable number of tri-city workers, especially those employed at Rock Island arsenal, have signed a petition directed to congress and asking that another battleship be built at the government navy yard at New York. The reason for the request lies in the fact that unless congress makes appropriation for such work and at once hundreds of men who have been employed by the government will soon be thrown out of work. The battleship New York is now nearing completion at the yards and no more work is in sight.

The building of the battleships Connecticut and Florida at the New York yards is the most convincing proof possible that the government can build its own ships cheaper and more expeditiously than can private firms and yet the men have reason to believe that the contracts for new ships are to be given to others than the government navy yards, in fact to the so-called ship building trust. To prevent the trust from getting a monopoly and to keep the government's employees at work, the signers of the petition ask that another battleship be ordered built at the yards.

In conjunction with the above petition is another calling upon congress to enforce the eight-hour law among the private firms which are engaged in building government ships.

#### Notice.

#### HAIR HEALTH.

If You Have Scalp or Hair Trouble, Accept This Offer.

When we promise your money back for the mere asking if Rexall "93" Hair Tonic does not do as we claim it will, you certainly have no reason for even hesitating to try it. We do not ask you to obligate yourself in any way.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim. Should our enthusiasm carry us away and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements and in consequence our business prestige would suffer.

Therefore, when we assure you that Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured we know what we are talking about.

We honestly believe that Rexall "93" Hair Tonic will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at our store—the Rexall store. The Thomas Drug company.

## FILTER PLANT IS PROVING WORTH

Inspection Made by R. C. Sharpe of Company Which Built It Shows Value.

### CLEARs WATER OF GERMS

Of 200,000 Bacteria to the Cubic Inch, Only 15 Remain After Treatment Given.

Inspection of the Rock Island filter plant by R. C. Sharpe, one of the Pittsburgh Filter company's superintendents of construction, was made yesterday and Mr. Sharpe is well satisfied with the result of his work. After nearly a year's operation, during which period it has been subjected to very hard work, the local plant has fulfilled its portion of the contract and not only has Mr. Sharpe reason to be proud of his work, but Rock Island should appreciate the value of the plant which rids the river water of its deadly germs. L. I. Birdsall, superintendent of filtration, showed Mr. Sharpe about the plant, and the record of its work, month by month.

#### HIGH DEGREE OF EFFICIENCY.

At this time, with the river almost to flood height and full of sediment and bacteria, the filter is still doing its work to a great degree of efficiency. With 200,000 bacteria to the cubic inch the filter is ridding it of nearly 100 percent of them, leaving only 15 to the cubic inch. After the water has fallen to its average level, the danger from disease will have passed. The filtration authorities are awaiting that time and expect to be able when the year is rounded out, to point to the year's record and show that Rock Island has been practically free from contagion during the year, and that there have been no epidemics of typhoid during the year, an occurrence which is somewhat rare for Rock Island.

## CIVIC TROUBLES TOPIC OF MEET

Federation of Labor Holds a Lengthy Discussion of Late Unpleasantness.

### TAKE NO STAND AS BODY

Make Plans to Boycott Chicago Papers Because of Alleged Stretching of Truth.

Rock Island's civic conditions, rather than matters of import to labor, was the subject for the entire evening discussion by the Tri-city Federation of Labor in its first April meeting held last evening in Industrial hall. No action was taken by the labor organization, it being the consensus of opinion that nothing could be gained by the federation delving into civic conditions. The hearing of John Looney by Mayor H. M. Schriver, the speeches and riot of Monday and Tuesday nights, and the subsequent martial law orders were themes of discussion. Reports of the scenes of the week from the viewpoint of several men were given, and compared with newspaper reports.

**BOYCOTT CHICAGO PAPERS.**  
There was some talk of boycotting some of the Chicago papers because of alleged false impressions which were sent out through their columns. In fact, it was the statement of one of the men this morning, that steps will be taken by the labor organization to bring about such action.

**TABOO POLITICS.**  
Political candidates were discussed, and though no allegiance was voted for any particular candidate, there was a lucid understanding as to which candidates would be supported by labor men. No names were mentioned. The organization as an organization has

tabooed political activity, but the men are to work individually for their candidates.

The grocery clerks received their charter last night and expect to become affiliated with the Tri-city Federation of Labor this month. Their next meeting will be held next Thursday.
